

Rex® Durometer Model H1000: Description

The Rex® Model H1000 Durometer is compact and easy to use. It holds the maximum reading attained, until reset by the operator, reducing error caused by focal parallax and making the Model H1000 ideally suited for 'spot-checks' on the production floor or in receiving departments.

Rex® Durometer Model H1000: Features

- Small 43 mm Ø, 360° dial indicator;
- Maximum reading 'hold' feature;
- ± ½ point accuracy;
- One year warranty;
- Versatile leather clip-on carrying case;
- Certificate of calibration included.
